The Domestic Violence Center of Chester County

Annual Report 2018-2019

DVCCC

Our Mission

The mission of the Domestic Violence Center of Chester County is to provide intervention, education, outreach, advocacy, and programs to prevent, reduce, and remedy Domestic Violence in Chester County.

Our Vision

The vision of the Domestic Violence Center of Chester County is to eliminate Domestic Violence in Chester County.

Our Philosophy

We believe that all people and children are entitled to a safe environment free from violence. We recognize that every person is at risk, and we are committed to working collectively and cooperatively to end violence against women, men, and children in our community. We believe that each person has the ability and right to control their own life. We are committed to empowerment-based support services which affirm a person's competence to make decisions. We believe we must take an active role in increasing public awareness that domestic violence is a crime and in advocating systems change, in order to reduce tolerance for domestic violence in our community.

Our History

DVCCC began as the YWCA Women's Resource Center (WRC) to serve as an informational and referral source for Chester County women. In response to the great need for services, WRC reorganized in 1976 as the Domestic Violence Center of Chester County, focusing on domestic violence intervention and prevention.

DVCCC is the only organization within Chester County that has a contract with the PA Department of Human Services and the Pennsylvania Coalition Against Domestic Violence to provide services to victims and their dependent children who present their primary victimization as domestic violence - which includes family and relationship abuse such as intimate partner abuse, teen dating violence, elder abuse, child abuse, and forms of human trafficking.

Planning For Growth

Service Focus Areas

The Domestic Violence Center of Chester County operates our direct service and prevention programs by utilizing a detailed operational work plan. To assure we are providing the best services available, DVCCC prioritizes three major focus areas for our services.

Deepen relationships with victims/survivors to increase knowledge, empowerment, and capacity to advocate for social change.

The Domestic Violence Center of Chester County's priority is to provide a safe space for victims/survivors of family and relationship abuse to seek healing, empowerment, and assistance when living with or leaving an abusive situation. Survivors receive assistance utilizing our 24-hour hotline, find sanctuary in our multiple housing programs, better understand the effects of violence through trauma-informed counseling, connect with one another's shared experiences through weekly support groups, seek justice through our legal advocacy and representation programs, and move past the abuse stronger, more prepared to advocate for others in similar circumstances.

Strengthen community engagement.

The Domestic Violence Center of Chester County is focused on connecting with and educating our community on the issue of domestic violence by providing awareness and prevention programming for individuals of all ages and groups from all backgrounds, strengthening their ability to advocate on behalf of and provide support for victims/survivors of domestic violence.

Strengthen infrastructure to ensure sustainable economic, organizational, and successional growth.

The Domestic Violence Center of Chester County commits to supporting organization staff and leadership to enhance their knowledge and skills by providing internal and encouraging external training opportunities, growing and training a direct service volunteer base as state recognized domestic violence advocates, and regularly evaluating organizational and service effectiveness and planning for improvement.

Non-Discrimination Policy

We are committed to an equal program service and equal employment opportunities. The Domestic Violence Center of Chester County's program services and employment are designed to prohibit discrimination on the basis of race, gender, color, creed, age, national origin, sexual identity, sexual orientation, ability, economic, social, or marital status or political or religious beliefs.

A Message from Our Leadership

Dear Partners,

In 1976, the Domestic Violence Center of Chester County began with planting the seed of safety for survivors of domestic violence and providing multiple seeds to share with others to plant through addressing and working towards building safe and healthy environments and communities.

In fiscal year 2019, the seeds have bloomed to reach more than 7,700 individuals through services, trainings and education. Our programs and services include: a 24-hour hotline, adult individual and group counseling, emergency safe house/shelter, transitional housing programs, legal representation and advocacy, children's programs, and education/training. Our seeds have been planted by maintaining our Outreach Centers in the city of Coatesville, Oxford, Kennett Square, and a presence in Phoenixville. The community joined us in our happy dance to witness the excitement in seeing our community reach grow as we opened Outreach Centers in Jennersville/West Grove and the Chester County Justice Center.

We also dance with survivors as they come out of the weeds...

"I would just like to take a moment to say Thank You to the entire DVCCC team for all the love and support you showed me and the boys since I picked up the phone asking for help. You showed my boys and me nothing but love and genuine compassion. You bent over backwards to make sure that we felt comfortable and loved..."

Your continued connection to the Domestic Violence Center is critical to our positive impact on this family and so many other survivors as we continue to engage others in planting seeds of hope and pulling out the weeds that inhibit growth.

On behalf of the Domestic Violence Center of Chester County and its employees, volunteers, Board of Directors, and most importantly, courageous victim survivors of domestic violence in Chester County whom we are privileged to serve, please accept our heartfelt gratitude for your partnership.

Dr. Dolly Wideman-Scott, CEO

Matt Holliday, Board President

DVCCC's CEO, Dr. Dolly Wideman-Scott received the Harold Martin Leadership Award from the Exton Region Chamber of Commerce for her exemplary leadership in improving the quality of life for those in the Exton area.

From a DVCCC Survivor

The (Domestic Violence Center of Chester County) shelter, for me, was a God-send. I was scared beyond words when I walked in the doors. Fear of the unknown: where do I go from here? How do I start over at my age?

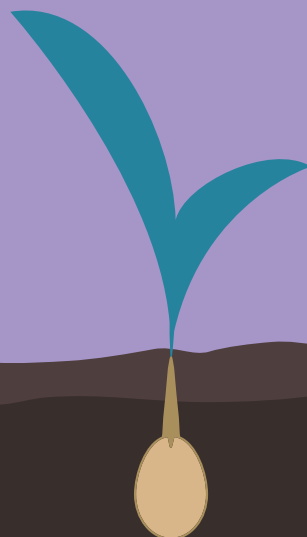

Each day got better, and there was a little bit of hope creeping into my head. Then I met (my DVCCC counselor). We had talks every day (from) simple things to serious, life-changing decisions. She encouraged me to keep going forward to achieve my goals and never give up. She never gave up on me and - believe me - there were times I wanted to give up on myself. That was not an option with (my counselor). I will forever be grateful to her.

(My DVCCC housing coordinator) was the backbone I didn't have yet. She was and is the cheering section I always craved. She asked me: "What are your goals?" and I said, "To have my own place." I never had my own place. I was married at age 17 and relied on my husband for 43 years. After the abuse became life-threatening, there was no turning back. I knew my life was going to change forever.

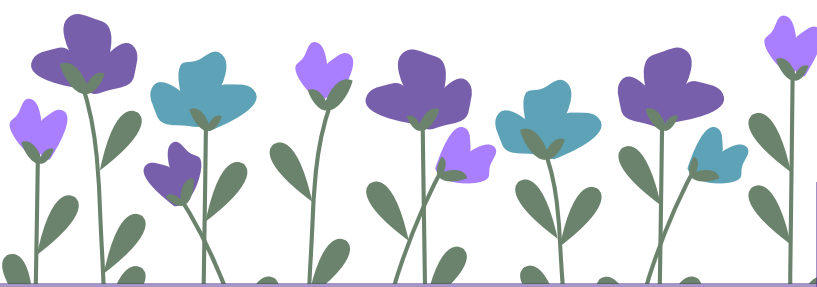

(My housing coordinator) gave me the push I needed to make my dreams of a normal life come true. She held my hand for a while, and then let go and taught me to stand on my own and fight for what I wanted.

As a result, I have my own apartment, pay my own bills, and have found peace and happiness. (My housing coordinator) is my angel and I could never put into words all she has done for me.

I owe my new life - my better life - to the DVCCC.

Planting Seeds of Hope

Direct Service Impact

DVCCC understands the importance of providing survivors with options - particularly in their healing process. To provide a variety of educational and therapeutic experiences to our survivors, DVCCC partners with many local organizations throughout the year. Some of this year's experiences for adults included a 7-week Self-Defense class from Kirk's Martial Arts & Krav Maga, nutrition classes through Penn State University, financial workshops in coordination with OpenHearth Inc., a day of beauty provided by Erin Cosgrove of Stellar Hair Studio, among many more. These impactful and diverse experiences are not only for the adult survivors in our program, but also for the children. This year's children's program partnerships included visits from the West Chester Public Library, a Chick-Hatching experience from Quiver Farms, trauma-sensitive yoga with DVCCC's volunteer, Christine Johnston, music therapy from Tempo! Music, as well as regular visits with Freddie the Therapy Dog.

This beautiful piece of artwork, entitled "Reaching For Hope," was created by residential, counseling, and legal program participants of DVCCC for our annual fundraising event and was sold for \$300!

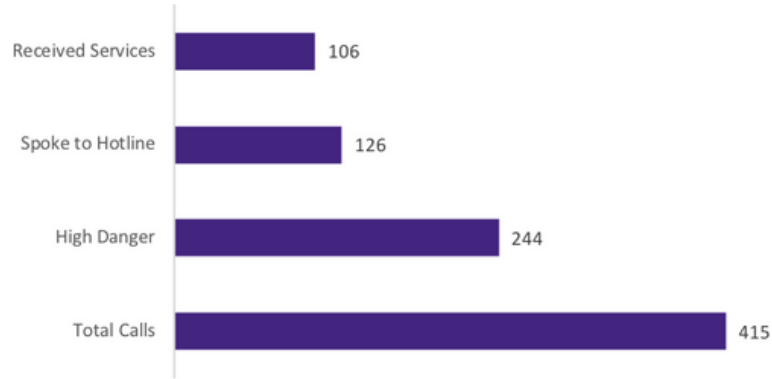

Planting Seeds of Change

Education & Prevention

Sgt. Rodger Ollis was awarded the Shield of Excellence Award at the DVCCC 2018 LAP Celebration event.

Lethality Assessment Program (LAP)

43% of individuals who screened "high danger" went on to receive DVCCC's lifesaving services!

Launched by DVCCC and Pennsylvania Coalition Against Domestic Violence in Chester County in 2012, LAP is a collaboration between the Chester County District Attorney's Office, local law enforcement, and DVCCC. LAP improves the way first responders communicate with victims of domestic violence during a call and promotes a coordinated community response, immediately connecting victims at the highest risk of being killed with local domestic violence services. In 2018-2019, DVCCC implemented LAP as a full-time initiative, hiring both a LAP Coordinator and Advocate. Throughout the year, several trainings were held - providing education for the Chester County Sheriff's Office, Lincoln University and West Chester University's public safety departments, and increasing the number of LAP-participating police departments by 14%.

Coaching Boys Into Men

The CBIM Advisory Board is made up of leaders from across Chester County and supports/facilitates program growth. Pictured here are Dr. Christopher Lunardi, Dr. Dolly Wideman-Scott, Dr. Sarah Missett, Mayor Josh Maxwell, Louis J. Beccaria PhD, Mayor Dianne Herrin, Jaclyn Radcliffe, Sgt. Rodger Ollis, DVCCC Board President Matthew Holliday, and Eric M. Roe.

Athletes were 15% more likely to identify abusive behaviors and 8% more likely to intervene when witnessing abuse.

The Coaching Boys Into Men (CBIM) program, based on the tenants of respect, integrity, and nonviolence, trains coaches of high school athletic teams to use their position as a role model for young men to discuss important social issues with their athletes. CBIM became a full-time program as well this year, adding 5 more teams to the CBIM roster - almost doubling the number of teams participating. When surveyed, 100% of athletes said they would recommend the program because: "it really brought us together as a team," "it can prevent violence," and "it teaches real-life skills!"

Teams who participated in Coaching Boys Into Men during the 18-19 school year included: Bayard Rustin High School Boys' Track & Field, Cross-Country, and Freshman Football, West Chester East High School Football and Wrestling, Phoenixville Area Senior High School Football and Basketball, Downingtown East High School JV Basketball

Education Outcomes
